Injured Employee Information

- 1. We are committed to your recovery being as swift as possible. We want to work with you to reach that goal. Hilltop will provide modified duty with ANY restrictions the doctor provides.
- 2. If medical treatment is needed, choose one of the designated medical providers: Under the Worker's Compensation Law, your employer may select your treating physician. Seeing another doctor without approval is unauthorized and will not be paid by the insurance company. If you receive emergency medical care, you must still follow-up with the designated doctor.
- 3. There are forms that must be completed at each visit. Before you leave the doctor's office, be sure you have a form that specifically states what restrictions, if any, you have on your activity. Bring the completed form to the corporate office after each visit.
- 4. Notify the People Ops Specialist and your supervisor of the time and date of each clinic appointment. If you need to cancel an appointment for any reason, notify the People Ops Specialist as soon as possible and reschedule the appointment within 24 hours. You may not miss work for a worker's compensation injury without an examination and authorization from the medical provider.
- 5. Schedule follow-up medical and physical therapy appointments outside of work hours whenever possible. Contact the People Ops Specialist if you think this will be a problem.
- 6. A representative from Pinnacol may be in contact with you by telephone or in person.
- 7. Please submit bills from physicians, pharmacies, etc., to the People Ops Specialist.
- 8. Please speak with your supervisor or People Ops Specialist if you have any questions or concerns.
- 9. Failure to follow these worker's compensation injury instructions may result in disciplinary action, which may include termination.
