Paid Time Off (PTO)

Employees accrue paid time off (PTO) to use for illness, including those illnesses or domestic violence situations covered by Colorado’s Healthy Families and Workplaces Act (HFWA), holidays, bereavement, vacation, personal days, days of personal significance and other time away during normally scheduled hours of work.

An employee’s PTO accrual rate is based on their leadership level.

PTO accruals break down as follows in this PTO Accrual Table. Annual Accruals shown below assume the employee works 40 hours/week all year:

Leadership Level	Accrual Rate Per Hour Worked	Annual Accrual for HFWA/ Other*	Annual Accrual for Vacation/ Holidays/ Days of Personal Significance/Other*	TOTAL Annual Accrual (assumes 2080 Hours Worked)	Maximum PTO Bank
Employees	0.11538	48 hours	192 hours	240 TOTAL hours (6 weeks)	360
Ops Directors	0.13461	48 hours	232 hours	280 TOTAL hours (7 weeks)	400
Senior Leaders	0.15385	48 hours	272 hours	320 TOTAL hours (8 weeks)	440

**Hilltop’s flexible PTO policy allows accrued hours to be used as the employee sees fit. However, employees are encouraged to reserve sufficient PTO for HFWA-related purposes.*

Once an employee reaches the maximum number of hours allowed in a PTO bank (listed in PTO Accrual table), the PTO accrual stops until PTO is used and the balance falls below the maximum.

Any exceptions to the accrual rates above will be determined by the CEO or Board of Directors.

PTO for Low Census

If an employee is asked not to work due to a “low census” situation, PTO or Leave Without Pay may be used to cover the hours not worked. Low census is defined as a Hilltop program workload being too low for the designated time frame. Use of PTO or Leave Without Pay should be designated in the timecard as “low census”.

Scheduling PTO

Employees are required to consult with their supervisor in advance for use of PTO. PTO may be used to cover any time missed from the employee’s normal schedule. Supervisors will give preference to participant/resident care needs and business necessity when considering PTO requests.

A maximum of 80 hours PTO may be paid in any pay period.

For non-exempt (hourly) employees, PTO will be added to timecards to meet the minimum hours required for the employee’s current employment status (e.g., a minimum of 30 hours for a full-time employee). This is to ensure the employee remains in their benefit status.

Programs may opt to add PTO to timecards to cover additional time based on scheduled hours not worked. Employees may request that their PTO **not** be used to cover additional time they were scheduled, provided they remain in their status.

For exempt (salaried) employees, PTO must be used in full-day increments for time taken away from work.

PTO Usage for Events Covered by Healthy Families and Workplace Act (HFWA)

Pursuant to the HFWA, Hilltop permits Employees to use accrued PTO, up to the maximum 48 hours HFWA Paid Leave, when:

The Employee or an Employee’s family member:

- Has a mental or physical illness, injury, or health condition that prevents the employee from working;
- Needs to obtain a medical diagnosis, care or treatment of a mental or physical injury or health condition; or
- Needs to obtain preventative medical care; or
- Needs to grieve after the death of a family member, attend a funeral or memorial, or handle any financial/legal needs related to the death of a family member; or
- Needs to evacuate their residence due to inclement weather, power/heat/water loss or other unexpected event; or for a family member whose school or place of care was closed.

The Employee or Employee’s family member has been the victim of domestic abuse, sexual assault, or harassment and the use of leave is to:

- Seek medical attention for the Employee or the Employee’s family member to recover from a mental or physical illness, injury, or health condition cause by the domestic abuse, sexual assault, or harassment;
- Obtain services from a victim services organization;
- Obtain mental health or other counseling;
- Seek relocation due to the domestic abuse, sexual assault, or harassment; or

- Seek legal services, including preparation for or participation in a civil or criminal proceeding relating to or resulting from the domestic abuse, sexual assault, or harassment.

Hilltop limits all employees to no more than 48 hours of HFWA Paid Leave for the reasons specified above in any rolling 12-month period.

Additional HFWA leave will not be provided if an employee uses all of their available PTO for non-HFWA-qualifying reasons (e.g., vacation), except when a public health emergency is declared after usage of PTO, requiring supplemental leave.

PTO Usage for Family and Medical Leave Insurance Program (FAMLI) events

Employees may use accrued PTO to supplement the FAMLI benefit the employee receives through the Colorado State FAMLI program. If the employee has received approval by the State for leave through the FAMLI program, PTO can be applied to the employee's timecard to supplement FAMLI leave, so long as the total amount paid from both sources (FAMLI & PTO) does not exceed the employee's average weekly wage. It is the employee's responsibility to request PTO usage during their FAMLI leave and to request the appropriate amount of PTO. Employees must grant permission for PTO to be used by signing the appropriate FAMLI PTO usage permission form. Employees should contact Hilltop's Leave Administrator to access this form.

Non-Retaliation

Hilltop will not take retaliatory personnel action or discriminate against an Employee or former Employee because the person exercised, attempted to exercise, or supported the exercise of rights protected under this policy and/or federal or state law. This includes, but is not limited to the right to request or use paid leave; the right to file a complaint with the division or court or inform any person about Hilltop's alleged violation; the right to participate in an investigation, hearing, or proceeding or cooperate with or assist the division in its investigations of alleged violations; and the right to inform any person of the person's potential rights under this Healthy Families and Workplace Act.

An employee is entitled to:

- Use paid leave consistent with this policy and/or federal or state statutes;
- File a complaint or inform any person about Hilltop's alleged violation of federal or state leave statutes;
- Cooperate with the division in its investigation of an alleged violation of federal or state statutes; and
- Inform any person of the person's potential rights under federal or state statutes.

PTO Cash out

Once in a fiscal year (August 1 to July 31), Hilltop allows an employee to request a PTO cash out. A maximum of 40 hours of accrued PTO may be cashed out. A balance of at least 100 hours must remain in the employee's PTO bank after the cash out. Any exceptions must be approved by Senior Leadership.

Negative PTO Usage

Once in a fiscal year (August 1 to July 31), Ops leaders may approve up to 30 hours of negative PTO for full-time employees and up to 15 hours of negative PTO for part-time employees. Additional requests beyond this require an Ops and Senior Leader approval.

Payment Upon Separation of Employment

Upon separation of employment, Hilltop will pay employees for their accrued, but unused PTO.

Vested Extended Illness Bank (“EIB”)

As of 1/1/2024, employees no longer accrue hours associated with Extended Illness Bank (EIB).

Hilltop employees with Vested Extended Illness Banks can access their existing banks for any of the following three reasons:

- After using FAMLI benefits for an FMLA-qualifying absence, or
- An annual cash-out of up to 40 hours, or
- Upon separation from Hilltop Community Resources

Vested EIB usage for FMLA-qualifying absence

If an employee has used all of their Colorado State FAMLI benefits but cannot return to work, they may request to use their Vested EIB so long as the employee is eligible for Family Medical Leave (FMLA). Please see the FMLA policy for more details.

Vested EIB Cash out

Once in a fiscal year (August 1 to July 31), Hilltop allows employees with existing Vested EIB Banks to request a Vested EIB cash out. A maximum of 40 hours of Vested EIB may be cashed out. Any exceptions must be approved by Senior Leadership.

Payment Upon Separation of Employment

Upon separation of employment, Hilltop will pay employees for their unused Vested EIB.

Tuition Support

Hilltop values individual’s growth and believes individuals that take steps to gain an education contribute to the success of Hilltop and the community we serve.

Employees may request an advance or reimbursement for the cost of educational courses that benefit the employee and/or Hilltop. Each employee may request up to \$375 in a six-month period (total of \$750 per fiscal year) regardless of school, program, or number of courses taken. Hilltop may request proof of registration and/or course completion as well as details about the course prior to providing the tuition support.

A limited pool of tuition dollars exists in each fiscal year. Requests will be taken on a first-come, first-serve basis. To apply for tuition support, employees must complete a Tuition Support form and submit it to their Ops Director for approval.

Employee Assistance Program

Hilltop provides a confidential Employee Assistance Program (EAP) to all Hilltop employees, spouses, and dependent family members. This service provides confidential counseling and referral services for things such as:

- Work Life Balance
- Relationship and Communication enhancement
- Stress, Anxiety, and Depression

- Grief, Loss, and Trauma
- Sleep Issues
- Addiction
- Workplace Relations
- Parenting skills
- Legal and Financial services

See the current Hilltop Benefits Guide for additional EAP assistance.

Should an employee experience issues that impact their judgment, performance, or behavior, the employee is encouraged to participate in the EAP to avoid possible corrective action. Participation in EAP after the corrective action process has begun may not preclude corrective action, up to and including termination of employment. Questions should be directed to the People Operations Department.

Health & Wellness Program

Hilltop values the health and wellbeing of all employees and believes that healthy employees are essential to the success of Hilltop. Whether employees need to quit smoking, get fit, or manage stress, our Health Top Wellness Program provides them with the tools and resources to help. By participating, employees qualify for prizes and rewards along the way. Good health is the best reward of all!

All employees are encouraged to participate in the Wellness Program. This program provides wellness workshops/seminars, tobacco cessation counseling, company-wide challenges and more!

In addition, Hilltop may offer on-site health screenings which allows employees to participate in blood draws, blood pressure readings, fitness assessments and other related health status checks.

Benefits Continuation during Personal Leave

For unpaid leave of 30 days or less (if employee is out of PTO, not eligible for FAMI/FML or FAMI/FML has been exhausted), the employee's portion of eligible benefits premiums will go into arrears and will be deducted from the employee's pay upon their return to work. Deductions for benefits in arrears will begin no later than the third pay period following the employee's return to work and must be paid in equal amounts in up to six pay periods.

If an employee's unpaid leave of absence exceeds 30 days and the employee is out of PTO, not eligible for FML or FML has been exhausted, then the employee will be responsible to remit payment for their benefits premiums, in order to maintain benefits coverage.

Eligible benefits that will continue on unpaid personal leave (with premium payment):

- Medical
- Dental
- Vision
- Voluntary Life and AD&D/UNUM benefits
- Healthcare and Dependent Care Flexible Spending Accounts - If an employee chooses to continue a Healthcare FSA during unpaid leave, these dollars will be contributed on a post-tax basis.

Non-Eligible Benefits that will not continue on unpaid personal leave:

- 401(k) Contributions - During unpaid leave, any contributions to the Employee's 401k Retirement Plan cannot continue since those are only done through payroll deduction.

Please note that if benefits premiums are not paid (either during leave, upon return to work, or in the event the employee does not return to Hilltop), benefits may be canceled effective the end of the month following the employee's last payment.

Deductions for insurance premiums and other benefits shall require the prior written authorization from the Employee, except in cases of court order or otherwise permitted by law.

Deductions for Property Not Returned or Converted

Employees are entrusted during employment with property that belongs to Hilltop and which has value. The employee is responsible for returning this property to Hilltop upon request or at the time of termination of employment, whichever is first.

Employees are responsible for paying to Hilltop the balance of any amount owed for property not returned to Hilltop. Employees who convert or steal Hilltop's property may be liable to Hilltop for three

times the value, plus Hilltop's costs and attorneys' fees incurred in obtaining a judgment for the damages and penalties, pursuant to Colorado's civil theft statute (§18-4405).

Hilltop may require employees sign a written authorization for Hilltop to deduct from their final paycheck the value of any of Hilltop's property. If the employee returns Hilltop property, Hilltop will pay the employee the deducted amount.

Working "Off the Clock" Is Prohibited

Non-exempt Employees are not permitted to perform work "off-the-clock" (i.e., performing work without being clocked in or not identifying that time as time worked on the time card or Hilltop's timekeeping system). This means that Non-exempt Employees must be "clocked in" during that time or must immediately report that time worked was not recorded. Further, the Employee should immediately inform People Operations or program supervisor if anyone (e.g., other employee, supervisor, manager, coordinator, Director, CEO, etc.) requests that work was performed off-the-clock or that work was performed before or after clocking in.

Travel

"Travel time" is time spent on travel for the benefit of Hilltop, excluding normal home-to-work travel, and shall be considered time worked. This includes whether the employee is a driver or passenger, overnight travel is required or whether traveling in the employee's or Hilltop's vehicle. Travel time includes the time spent to get to the destination. Any time spent at the destination performing labor or services for the benefit of the employer, will be paid as time worked. See COMPs Order Poster attached.

Employee Electronic Timecards

Electronic timecards are the property of Hilltop and an employee's legal record of the hours worked. Any timecard changes must be submitted to People Operations Team.

Falsification of time cards or delayed submittal may result in corrective action, up to and including termination.

Work Hours and Time Worked

Employees' total work hours may include overtime and may vary from week to week. Hilltop's normal workweek is a seven-day period starting at 12:01 a.m. Sunday morning and ending at 12:00 a.m. Saturday evening.

Work hours are hours actually worked. Work hours do not include Paid Time Off ("PTO"), Family and Medical leave ("FML") or other leave periods such as, Administrative Leave, Jury Duty, Gift Days off, Sabbatical leave.

"Time worked" means time during which an employee is performing labor or services for the benefit of Hilltop, whether or not required to do so. See COMPs Order Poster attached.

On-call

Non-exempt employees may be designated on-call to respond to after-hours situations as stated in the employee's job description. These employees are expected to be available in a timely manner and follow all Hilltop policies and procedures, including alcohol and substance use, when they are on-call.

Employees designated as on-call are to record the hours worked on-call on their electronic timesheet. This includes responding to the on-call situation and phone time.

On-call will be paid a stipend, all regular hours worked, and any overtime.

Overtime

Overtime must be pre-approved by the department Supervisor. Absent compelling reasons, employees are expected to work overtime when requested.

Overtime is defined as hours worked in excess of 40 hours per workweek or 12 hours in one day. Non-exempt employees shall receive premium pay (1.5 times their rate of pay) for all overtime hours worked.

Premium Pay Days

Premium Pay Days are days that can be particularly difficult to obtain appropriate coverage. Premium pay is based on one and one-half (1.5) the employee's regular rate of pay multiplied by the number of hours worked on a designated Premium Pay Day. At this time, Hilltop's premium pay days are: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving Day, and Christmas Day.

If a program, or building, is closed on an indicated Hilltop corporate premium pay day, employees who wish to work must work with their supervisor to identify meaningful work that can be completed on the day in question. Meaningful work is defined by each program related to the needs of participants/residents, funding requirements, and operational needs. Meaningful work may or may not be available and is not guaranteed.

Breaks and Meal Periods

Breaks

Non-exempt employees are authorized and permitted to take one ten-minute rest period to the extent practical in the middle of each four-hour work period. This time is paid and is considered non-productive work time. The supervisor may set break times. Breaks do not accumulate if not taken and cannot be used in combination with a meal period or for purposes of arriving late or leaving early. Employees should immediately inform their Supervisor or People Operations Department if anyone (e.g., co-employee, supervisor, manager, etc.) does not authorize or permit a rest break as required. If an employee is requested to do that by one of the identified positions in this policy, please inform one of the other individuals listed as soon as possible.

Meal Periods

If a Non-exempt employee works longer than five hours in a workday, the employee is entitled to an unpaid "meal period" of not less than thirty minutes. During this "meal period" employees have the freedom to use the time as they wish, whether for eating, resting or other personal activities. The supervisor may set the time for meal periods. These meal periods are not compensated and are not treated as work time. When circumstances prevent a meal period of at least 30 minutes, the employee shall be permitted to consume an "on-duty" meal while performing duties. Non-exempt employees shall be fully compensated for on-duty meal periods and such time shall be treated as work time. Non-exempt employees must not work during their meal periods unless required to do so by the Supervisor

or other Management. Non-exempt Employees must report on-duty meal periods on their time cards so that they will be properly compensated.

Non-exempt employees must clock out for lunch break or any other reason when not working and clock back in when returning to duty.

All employees must inform their supervisor before leaving their work duty station. Violations of this policy may result in corrective action, up to and including termination.

Microloans

All employees, with a minimum of six (6) months of service, are eligible for a microloan twice per fiscal year, upon approval by the appropriate Ops Leader. A maximum amount of \$500 is allowed per loan, with only one active microloan at a time. Repayment of the microloan will be made through payroll deductions. The payroll deduction will begin no later than the third pay period following approval of a microloan and must be paid back in equal amounts in up to six pay periods.

In order to request a microloan, Employees shall complete the employee section of the Microloan request form and submit the completed form to their Program Director.

If an employee leaves Hilltop before the microloan is paid off, the balance will be deducted from the employee's final paycheck as allowed by law.

Types of Leave

Jury Duty/Subpoenaed Witness

Hilltop supports employees in their civic responsibilities, such as appearing for jury duty or serving on a jury.

Employees will receive regular wages for up to three (3) days of jury duty if they were originally scheduled to work, or would have been scheduled to work.

When an employee receives a summons for jury duty, they must inform their supervisor as soon as possible but no later than two weeks in advance of the jury appearance date. Employees may be asked to provide a copy of either the Juror Service Certificate to the Payroll Specialist.

If an employee is a party (witness in a case, responding to a subpoena, or acting as a plaintiff or defendant) to a non-work-related action, and requires time off to appear in court, the employee may use PTO or leave without pay.

Military Duty

Hilltop abides by the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA). Employees who are members of the U.S. Armed Forces Reserve or National Guard are granted an unpaid leave of absence when called for active or inactive duty training. However, if an employee desires to use PTO time for this purpose, they need to inform their supervisor.

If an employee is inducted into a branch of the U.S. Armed Forces for an extended period, they may be reinstated to their previous position in accordance with the provisions of the Law.

Public Health Emergency Leave (PHEL)

Upon declaration of a public health emergency by either the State or Federal government agencies, employees are allowed additional leave.

Employees may use the available PHEL (i.e., a total maximum of 80 hours) for the reasons identified in this Section of the Policy.

Events Covered by PHE

PHEL is available for all effected employee's during a public health emergency for the following reasons:

An Employee's personal need to:

- Self-isolate and care for oneself because the Employee is diagnosed with a communicable illness that is the cause of a public health emergency;
- Self-isolate and care for oneself because the Employee is experiencing symptoms of a communicable illness that is the cause of a public health emergency;

- Seek or obtain medical diagnosis, care, or treatment if experiencing symptoms of a communicable illness that is the cause of a public health emergency;
- Seek preventive care concerning a communicable illness that is the cause of a public health emergency;
- An Employee's inability to work because the Employee has a health condition that may increase the susceptibility to or risk of a communicable illness that is the cause of the public health emergency.

An Employee's need to care for a family member who:

- Is self-isolating after being diagnosed with a communicable illness that is the cause of a public health emergency;
- Is self-isolating due to experiencing symptoms of a communicable illness that is the cause of a public health emergency;
- Needs medical diagnosis, care, or treatment if experiencing symptoms of a communicable illness that is the cause of a public health emergency;
- Is seeking preventative care concerning a communicable illness that is the cause of a public health emergency;
- To care for a child or other family member when the individual's child care provider is unavailable due to a public health emergency or if the child's or family member's school or place of care has been closed due to a public health emergency, including if a school or place of care is providing instruction remotely.

PHEL is available until four (4) weeks after the official termination or suspension of the public health emergency.

PTO Usage for Events Covered by PHE

On the date a public health emergency is declared, affected employee's will be supplemented leave as necessary to ensure that an Employee may take the following amounts of PHEL for the purposes specified above:

- Employees who normally work 40+ hours a week will receive 80 hours of PHE in a "PHEL Bank".
- Employees who normally work less than 40 hours a week will receive the normal scheduled hours in a 14-day period or the average amount of time the employee works in a 14-day period, whichever is greater.

Hilltop may offset these hours with an employee's available PTO toward the leave allowable during a public health emergency. No additional PHEL will be given if the employee meets the above amounts with their PTO.

If PTO is not available and a PHEL Bank must be created to supplement the employee's pay up to the appropriate maximum as stated above, hours from the PHEL Bank will be used until exhausted for days missed due to PHE. PTO will then be used for the missed due to PHE.

Non-Retaliation

Hilltop will not take retaliatory personnel action or discriminate against an Employee or former Employee because the person exercised, attempted to exercise, or supported the exercise of rights protected under this policy and/or federal or state law. This includes, but it not limited to the right to

request or use paid leave; the right to file a complaint with the division or court or inform any person about Hilltop's alleged violation; the right to participate in an investigation, hearing, or proceeding or cooperate with or assist the division in its investigations of alleged violations; and the right to inform any person of the person's potential rights under this Healthy Families and Workplaces Leave.

An employee is entitled to:

- Use paid leave consistent with this policy and/or federal or state statutes;
- File a complaint or inform any person about Hilltop's alleged violation of federal or state leave statutes;
- Cooperate with the division in its investigation of an alleged violation of federal or state statutes; and
- Inform any person of the person's potential rights under federal or state statutes.

Parental Involvement in K-12 Education

Hilltop will provide unpaid leave to non-supervisory and non-executive level employees for attending parent teacher conferences and/or other academic activities for their children, ages kindergarten through twelfth grade. Unpaid limited-time off is limited to 18 hours per school year, not to exceed 6 hours per month. Hilltop may require written verification of appointments, one-week advance notice, and can limit the leave to three (3) hour increments.

Family and Medical Leave Insurance Program (FAMLI)

Hilltop abides by Colorado's Family Medical Insurance Program (FAMLI). Employees who are eligible under FAMLI may apply for leave through the State of Colorado. Leave under the FAMLI program can be accessed as a continuous period of time, or intermittent time away from work.

The State of Colorado determines FAMLI eligibility on a case by case basis. Employees can apply for FAMLI for any of the following reasons:

- To manage their own serious health condition;
- To care for a family member with a serious health condition;
- To care for a new child (within the first year after birth, or foster placement, or adoption.);
- To make arrangements for military deployments;
- To address immediate safety needs and impact of domestic violence/sexual assault

It is the employee's responsibility to notify their supervisor and Hilltop's Leave Administrator when they have applied for FAMLI leave and when they have been approved by the State of Colorado to take FAMLI leave. Failure to follow the programs call off procedure may result in corrective action, up to and including termination.

Hilltop permits Employees to use accrued PTO to supplement the FAMLI benefit that employee receives through Colorado State's FAMLI program. If the employee has received approval for leave through the FAMLI program, PTO can be applied to the employee's timecard to supplement FAMLI leave so long as

the total amount paid from both sources (FAMLI & PTO) does not exceed the employee's average weekly wage

It is the employee's responsibility to request PTO usage during their FAMLI leave and to request the appropriate amount of PTO. Employees must grant permission for PTO to be used by signing the appropriate FAMLI PTO usage permission form. Employees should contact Hilltop's Leave Administrator to access this form.

An employee on FAMLI leave may remain on any group health insurance benefits to which they are normally entitled and they will be reinstated to their same or an equivalent position.

Employee premiums for all group health insurance benefits must still be paid during their FAMLI leave. Premiums will be deducted as usual from any FAMLI PTO payments issued. If insufficient PTO exists to deduct the employee's premiums, the employee may make the premium payment to Hilltop directly. Should the Employee fail to pay their share of premiums during their leave period, Hilltop may elect to pay the Employee's share as an advance against future wages in order to maintain the employee's coverage. In this event, Hilltop has the right to deduct the amount advanced from the Employee's paycheck upon return to work.

Family and Medical Leave (FMLA)

Hilltop abides by the Family Medical Leave Act. Employees who are eligible under FMLA may be granted leave for up to 12 weeks in a 12-month period. Leave under the FMLA can be defined as a continuous period of time, or intermittent time away from work.

FML is granted for the following reasons:

- Employee's own serious health condition that makes them unable to perform the functions of the position;
- Because of a birth of a child and in order to care for such son or daughter;
- Because of the placement of a child with the employee for adoption or foster care;
- In order to care for the spouse/domestic partner, child, or parent, of the employee, if they have a serious health condition;
- Because of any qualifying exigency arising out of the fact that the spouse/domestic partner, child, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces.
- Subject to meeting certification requirements by the health care provider, an eligible Employee who is the spouse/domestic partner, child, parent, or next of kin of a covered service member shall be entitled to a total of 26 workweeks of leave during a single 12-month period to care for the covered service member.

Please refer to the FMLA policy.

FMLA Eligibility and Documentation

Eligibility for FML is determined by a "rolling" 12-month period defined as the 12 months immediately preceding the date of leave under consideration for FMLA benefits.

In any case in which the necessity for FMLA leave is foreseeable, the Employee shall provide Hilltop with at least 30 calendar days' notice before the date the leave is to begin, or as much notice as is practical.

Hilltop may require that a request for leave involving a serious health condition or to care for a service member be supported by a certification issued by a health care provider of the eligible employee, child, spouse/domestic partner, parent or next of kin of the Employee, as appropriate. Hilltop may require that the Employee use the Medical Certification Form provided by Hilltop. Hilltop may also require, at its own expense, that the Employee obtain a second opinion from a health care provider designated or approved by Hilltop.

Before the Employee may return to work following FMLA leave as a result of the Employee's own serious health condition, the Employee must provide Hilltop with a certification issued by a health care provider stating that the Employee has the ability to perform the essential functions of the job, based on a list of the essential functions specified by Hilltop. Please refer to the FMLA policy attached. FMLA Pay and Benefits

Employees must use PTO hours at the beginning of the leave. Otherwise, Family and Medical Leave is unpaid. As with other types of unpaid leave, PTO will not accrue during the unpaid leave.

Employees on FMLA leave are entitled to a continuation of any group health insurance benefits to which they are normally entitled and reinstatement to the same or equivalent position.

The Employee's failure to pay their share of the premiums may result in loss of coverage. Should the Employee fail to pay their share of premiums during their leave period, Hilltop may elect to pay the Employee's share as an advance against future wages in order to maintain coverage while the Employee is on FMLA leave. In this event, Hilltop has the right to deduct the amount advanced from the Employee's paycheck upon return to work. Please refer to the FMLA policy.

Sabbatical Leave

Hilltop grants current employees in good standing four (4) consecutive weeks and Ops Directors/Senior Leadership in good standing eight (8) consecutive weeks of Sabbatical Leave after their five-year anniversary; every five years after their last sabbatical date, an employee will be eligible for an additional four weeks of consecutive Sabbatical Leave. During the course of the leave, the employee is expected to be completely removed from work duties and communications.

Ninety (90) days prior to leave, the employee will need to provide their supervisor a written request for Sabbatical Leave. Supervisors will do their best to accommodate Sabbatical requests. However, requests will be approved by considering the order of PTO/Sabbatical requests, number of other PTO/Sabbatical requests, specific timing in consideration of department workloads, and program needs and/or program deadlines. The supervisor will then present the request to their Ops Leader for approval.

If Hilltop is unable to approve the employee's request, the employee's next Sabbatical eligibility date will be based on the originally requested Sabbatical date.

When calculating eligibility, all employment with Hilltop is considered, including previous Hilltop employment. Employees who previously worked for Hilltop and returned must work a minimum of three (3) additional years after their return before being eligible for Sabbatical leave.

During this leave, employees are paid their regular rate of pay for regularly scheduled hours. “Regularly scheduled hours” is defined as the employee’s current schedule OR the average of hours the employee worked during the six (6) pay periods immediately preceding the date the employee’s sabbatical will begin, whichever is greater.

If the employee is currently covered by Hilltop’s medical insurance, benefits continue for the duration of the Sabbatical Leave. Employees must continue to pay their portion of any insurance premiums while on leave.

PTO will continue to accrue during leave. A total PTO cash out of up to eighty (80) hours will be allowed during the Sabbatical year, as long as 100 hours remain in the employee’s PTO bank after the cash out. Sabbatical Leave and FMLA do not run concurrently. The employee, upon return from Sabbatical Leave, will return to the same position held when leave commenced.

Safety/Security/Health & Welfare

Alcohol and Substance Use

The unlawful manufacture, possession, distribution, transfer, purchase, sale, use or being under the influence of alcoholic beverages or substances, illegal drugs, or illegal prescription drugs while on the employer's property, while on duty, or while operating a vehicle or machine leased or owned by the employer is strictly prohibited.

Exceptions to this rule may be appropriate when approved by OPS/Senior Leadership for functions related to business operations, retention and recognition, events and/or other circumstances when the use of alcohol can be done legally, safely and responsibly.

Any violation of this policy may lead to corrective action, up to and including immediate termination of employment. Such violations may also have legal consequences.

Prescription drugs

The legal use of prescribed drugs is permitted on the job only if it does not impair the ability to perform the essential functions of the job and in a manner that does not endanger participants or other individuals in the workplace.

"Drugs" or "controlled substances" means a controlled substance listed in Schedules I through V of 21 U.S.C. 812 and as further defined by federal regulations (21 CFR Section 1300.11 through 1300.15). This list includes, but is not limited to, marijuana, cocaine, opiates, amphetamines, phencyclidine (PCP). It does not include over-the-counter medications taken in accordance with the manufacturer's instructions or drugs prescribed by a physician for the Employee when taken in the manner, combination and quantity prescribed, unless possession or use is illegal despite a prescription. Employees who are using over-the-counter or medically prescribed drugs that could impair their ability to perform work in a safe manner must notify their Supervisor prior to starting work. The Employee may be required to provide a physician's certification that it is safe for the Employee to perform the essential job functions while using the medications as a condition of continuing to work.

Alcohol, marijuana or other substances

Employees who smell of, or appear to be under the influence of alcoholic beverages, marijuana, or other illegal substances while performing the duties of their position may be required to undergo a reasonable suspicion drug screening test, and may be placed on administrative leave or discharged regardless of the level of impairment or influence of alcohol, marijuana or other illegal substances.

Although the Colorado Constitution has decriminalized certain use of marijuana, Colorado does not require employers to accommodate the use of marijuana by their Employees. Further, use of marijuana is still illegal under federal law. Hilltop prohibits marijuana use by Employees and will treat its use the same as any other use of unlawful controlled substance.

Smoke-Free Facility

There shall be no use of tobacco, marijuana or illicit material within any Hilltop building, including the use of chew, cigarettes, e-cigarettes, and vaping. Smoking marijuana or other illicit material is prohibited at any time on any Hilltop property by Hilltop employees.

Tobacco use areas may be allowed in designated, outdoor areas, near or at certain Hilltop facilities. Employees choosing to use tobacco shall do so **only** in these designated smoking areas and shall not infringe on the rights of participants/residents and non-smokers. Employees shall properly extinguish cigarettes and properly dispose of all waste.

Report required

Under the Drug-Free Workplace Act, an employee who performs work for a government contract or grant must notify Hilltop of a criminal conviction for drug-related activity occurring in the workplace. All employees must notify Hilltop of any criminal conviction for drug-related activity. The report must be made within five (5) days of the conviction.

Drug Testing

Using or being under the influence of alcohol or drugs on the job is prohibited. To help ensure a safe and healthy working environment, job applicants and employees may be asked to provide body substance samples (such as urine and/or blood) to determine the illicit or illegal use of drugs and alcohol.

If an Employee exhibits behavior at work for which a Supervisor or other member of Hilltop management has reasonable suspicion that an employee may be under the influence of alcohol or drugs, the supervisor or other Hilltop management member may require the employee to undergo reasonable suspicion drug or alcohol testing.

If an employee is required to submit to a drug or alcohol test, a member of management and/or People Operations representative will arrange for transportation for the employee to be taken to the designated medical facility to undergo the appropriate test before a certified tech at the medical facility. The member of management and/or People Operations representative will meet the employee at the designated facility. After the required testing, the employee will be placed on administrative leave until the results are received and transportation home will be arranged. If test results are positive, this may result in corrective action, up to and including immediate termination.

If an Employee refuses to submit to a reasonable suspicion request to undergo a drug or alcohol test while on the job, such refusal is treated the same as a positive test result.

Safety Rules & Expectations

Hilltop's goal is to maintain a high standard of employee health and safety. Hilltop provides training, safeguards, and programs to promote safety and prevent accidents and damage to property.

Each employee is responsible for abiding by all applicable safety rules and regulations. It is the employee's responsibility to locate, read, and understand all such rules and regulations, and to ask their supervisor any questions for clarification.

Hilltop expects every employee to do their job in a manner that ensures personal safety and safety of fellow employees. Safety is everyone's responsibility.

In order to provide a safe workplace, every employee must follow these safety rules:

- Horseplay, roughhousing and other physical acts that may endanger employees or cause accidents are prohibited.
- Employees must follow their program/department's safety instructions.
- Employees in certain positions may be required to wear protective equipment, such as hairnets, hard hats, safety glasses, work boots, earplugs, masks or any other safety protection required by supervisors or other applicable standards. Supervisors will inform their employees if their position requires protective gear.
- Employees in certain positions may be prohibited from wearing lanyards, dangling jewelry or loose apparel and may be required to pull back or cover their hair for safety purposes. Department supervisors will inform their employees if their employees fall into one of these categories.
- All equipment and machinery must be used properly. This means all guards, restraints, and other safety devices must be used at all times when any equipment/machinery is in use. Only use equipment for its intended purpose.
- All employees must attend safety training as required.
- Every safety precaution should be observed no matter how routine or urgent a job might become.
- All employees must immediately report any workplace condition that they believe to be unsafe to their supervisor.

Anti-Violence and Weapons

Hilltop strictly prohibits weapons of any type in its facilities, and at any Hilltop-sponsored events. This includes visible and concealed weapons, even those for which the owner has obtained the necessary permits, with the exception of law enforcement.

Hilltop prohibits the possession, transfer, sale or use of illegal drugs, firearms, explosives, pornography or other improper or illicit materials on its premises at all times.

While this list is not all-inclusive, "weapons" includes firearms, hunting knives, any explosive materials, and any other objects that could be used to harass, intimidate, or injure another individual. Violators of this policy will be subject to corrective action, up to and including termination.

Employees must not engage in intimidation, threats or hostile behaviors, physical abuse, vandalism, arson, sabotage, use of weapons, bullying, or any other act, which, in management's opinion, is inappropriate to the workplace. In addition, employees must refrain from making bizarre or offensive comments regarding violent events and/or behavior.

Employees are expected to report any prohibited conduct to management immediately. Employees should directly contact proper law enforcement authorities if they believe there is a serious threat to the safety and health of themselves or others.

Security Inspections

Hilltop reserves the right to perform security inspections at any time, with or without notice and at its sole discretion.

Desks, lockers, and other storage devices may be provided by Hilltop for the convenience of employees but remain the sole property of Hilltop. Accordingly, Hilltop may search or inspect the storage devices, at any time, either with or without prior notice.

Hilltop will follow proper procedure and involve law enforcement, as needed, to search personal items if violation of the law has been suspected.

Workers' Compensation

Hilltop provides workers' compensation insurance at no cost to employees. This insurance is to help cover the costs associated with work-related injuries or illnesses for its employees. These benefits help pay for employee's medical treatment and a portion of any income lost while recovering from a work-related injury or illness.

Any employee who sustains a work-related injury or illness should report the injury immediately by notifying their supervisor. All injuries, no matter how minor, must be reported.

- If injury or illness is life threatening or so serious that ambulance transportation is needed, the employee or supervisor should call 911.
- If non-emergent care is needed, employees should seek treatment with one of Hilltop's designated medical providers. These can be located in the First Report of Injury Packet.

All applicable forms should be completed and submitted to the People Operations department within 72 hours of the work-related injury or illness, although employees (or their supervisor, manager, or other representative) can report workers' comp injuries up to 10 days after an incident. If the injury is not reported in writing within this timeframe, the employee may lose up to one day's compensation for each day's failure to report.

Modified Duty: The designated medical provider may recommend an injured employee return to work on modified duty. In such event, Hilltop may require the employee to return to work performing duties within the medical restrictions even if such work is different from the employee's regular job duties. There may be situations where modified duty is not feasible. The employee, if eligible, may have up to 480 hours of job protected leave under the Family and Medical Leave Act, in which event, the employee may take such leave. The employee may not be entitled to receive worker's compensation temporary disability benefits if employee refuses modified duty.

Required Vaccinations & Flu Shots

Employees may be required to receive vaccinations, TB and flu shots, depending upon their position at Hilltop. The Supervisors or program nurses will inform employees if required for certain departments or programs.

Employee Information

Telecommuting

Telecommuting allows employees to work at home, on the road or in a satellite location for all or part of their workweek. Hilltop considers telecommuting to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Telecommuting may be appropriate for some employees and jobs but not for others. Telecommuting is not an entitlement nor is it a company-wide benefit.

Employees may telecommute as long as they have approval from their supervisors to do so, and the work can be measured concretely and effectively completed from a remote setting.

Telecommuting can be informal, such as working from home for a short-term project or on the road during business travel, or a formal, set schedule of working away from the office as described below.

Telecommuting is not designed to be a replacement for appropriate child care. Although an employee's schedule may be modified to accommodate child care needs, the focus of the arrangement must remain on job performance and meeting business demands.

If a supervisor determines job duties are not efficiently and effectively completed, telecommuting benefits may be revoked.

Equipment

On a case-by-case basis, Hilltop will determine, with information supplied by the employee and the supervisor, the appropriate equipment needs (including hardware, software, modems, phone and data lines and other office equipment) for each telecommuting arrangement. Equipment supplied by the organization will be maintained by the organization. Equipment supplied by the employee, if deemed appropriate by the organization, will be maintained by the employee. Hilltop accepts no responsibility for damage or repairs to employee-owned equipment. Hilltop reserves the right to make determinations as to appropriate equipment, subject to change at any time. Equipment supplied by the organization is to be used for business purposes only.

The employee will establish an appropriate work environment within their home for work purposes. Hilltop will not be responsible for costs associated with the setup of the employee's home office, such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space.

Security

Consistent with the organization's expectations of information, security for employees working at the office, telecommuting employees will be expected to ensure the protection of proprietary company and customer information accessible from their home office.

Safety

Employees are expected to maintain their home workspace in a safe manner, free from safety hazards. Injuries sustained by the employee in a home office location and in conjunction with their regular work duties should be reported to the employer within three working days. The employee is liable for any injuries sustained by visitors to a home worksite.

Time Worked

Telecommuting employees who are not exempt from the overtime requirements of the Fair Labor Standards Act will be required to accurately record all hours worked using Hilltop's time-keeping system. Hours worked in excess of those scheduled per day and per workweek require the advance approval of the telecommuter's supervisor.

Dress Code

Employees shall dress and groom appropriately, so as to present a professional, business-like image to participants/residents, visitors, customers and the public at all times. Employees are not permitted to wear ripped, frayed or disheveled clothing, clothing with obscene writing or graphics, revealing or excessive clothing that is inappropriate for business image, or that may pose a safety risk.

Depending on the nature of the job, certain employees may be required to meet special dress, grooming or hygiene standards, such as uniforms or protective clothing. Please refer to department or program manuals, and consult with direct supervisors for any exceptions applicable to the assigned department.

Hilltop encourages individual's gender expression, within the constraints of the dress code, without discrimination or harassment. Hilltop will not restrict an employee's clothing on the basis of gender.

Hilltop will reasonably accommodate workplace attire for individually-held religious beliefs. Please consult with the People Operations department to request a workplace attire accommodation.

Employees not in compliance with the attire or grooming standards set by Hilltop will be required to leave the premises to change clothing. In such event, employees will not be paid for the time required to change clothing.

Relationship-Related Conflicts of Interest & Favoritism

Hilltop strives to hire, retain and promote qualified employees and maintain a positive and equitable work environment. Hilltop also commits to the highest standards of integrity, transparency and ethical behavior in all of its operations and activities. As such, Hilltop permits the employment of qualified family members and those in close personal relationships with employees provided such employment A) does not create a real, perceived or potential conflict of interest, or, B) if such a conflict exists, the relationship is disclosed and a written plan for managing potential conflict and/or favoritism is put in place.

Definition

For the purposes of this policy, a relationship-related conflict of interest refers to any familial and/or close personal relationship between employees in which either party has or may have private interests that could improperly influence, or be perceived to influence, their decisions or actions in performing the duties of their job or could potentially influence them to show favoritism.

Guidelines

Hilltop will exercise sound business judgment when employing relatives or those in close personal relationships by adhering to the following guidelines:

- Unless approved in writing by a member of Senior Leadership* employees may not be employed by, transferred to, or promoted into a program or department where formal authority would exist between relatives and/or people in close personal relationships.
- Employees who are in familial or close personal relationships may not initiate or participate formally or informally in such employment decisions or actions as hiring, promotions, salary decisions, performance conversations, separations, etc. that involve their family members or people with whom they have a close personal relationship.
- Hilltop recognizes employees may form personal relationships within the workplace. While such relationships can have no impact on the workplace, they may also have the potential to create conflicts of interest, create a perceived conflict of interest, or impact the work environment in other ways. If two employees become family members or enter into a close personal relationship, both may retain their positions provided one does not have formal authority over the other. If one employee currently has formal authority over the other, a written plan must be created to address and/or change the formal authority relationship.
- Employees have a duty to disclose any current or future familial or close personal relationships that could present a real, potential, or perceived conflict of interest to their supervisor and/or program director and/or to their People Operations Business Partner. This includes but is not limited to 1) family members or those in close personal relationships who work in the same program or department, 2) situations in which one employee has formal or perceived authority over another, and/or 3) situations in which an employee has access to other employees' sensitive information.
- Information about a disclosed relationship will only be shared with relevant individuals who are required to help manage the real, potential, or perceived conflict of interest.
- To protect all parties and Hilltop, it is important that employees involved in a familial or close personal relationship that could present real, potential, or perceived conflict of interest participate in a documented conversation with the relevant individuals that outlines the real or perceived conflict of interest and how it will be managed.
- If a conflict of interest or appearance of a conflict of interest is reported, People Operations and/or relevant individuals will work with the involved parties to find a resolution that eliminates or minimizes the conflict. If favoritism is found to have occurred, appropriate action will be taken to rectify the situation.
- Each employee in a familial or close personal relationship with another employee is expected to behave professionally and adhere to Hilltop's Code of Conduct at all times.

*If the employee is the CEO, The Executive Committee of the board would approve.

However, employees must be aware of the responsibilities associated with records within their assigned department or program whether they come into contact with participant/resident records or not.

If an applicant or employee provides false information in the application for employment process, Hilltop may rescind or terminate its conditional offer of employment, regardless of when the falsification or the discovery of falsification occurs.

Promotions

Hilltop recruits and hires the most qualified individual for any particular job opening. At the same time, Hilltop promotes from within whenever practicable.

Verification of Eligibility to Work in the United States

Hilltop adheres to the requirements concerning verification of employee eligibility to work in the United States as set forth in the Federal Immigration Reform and Control Act of 1986. An I-9 Form (Employment Eligibility Verification Form) must be completed at the time of hire. By law, new hires are required to provide original documentation establishing identification and employment eligibility within three (3) business days from date of hire.

If documentation has been misplaced or lost, the new hire has three (3) days to provide People Operations representative a receipt showing application for the documentation. Failure to produce the requested receipt within three (3) days may result in termination of employment. Replacement documents must be provided within 90 days of the date of the hire.

Attendance, Absenteeism and Tardiness

Hilltop employees are expected to report for duty as scheduled and be consistent in their attendance.

Hilltop maintains sufficient staffing levels to:

- Assure program staff ratios are maintained;
- Ensure an adequate number of employees are working to create the highest possible level of care and/or service;
- Maintain positive team morale; and,
- Establish trusting relationships with others.

When Hilltop cannot maintain sufficient staffing levels, it creates a hardship within programs, which may unnecessarily put Participants' and Employees' safety and wellbeing at risk.

Scheduling and call-off procedures are determined within each Hilltop program based on operational needs.

No Call No Show Definition:

A no-call-no-show occurs when an employee fails to show up for a scheduled shift and fails to follow program call-off procedures. A no-call-no-show may result in disciplinary action.

Recurring incidents of no-call-no-shows may be considered and treated as the employee having voluntarily abandoned and terminated their employment with Hilltop.

Unplanned Absence Definition:

Unplanned absences impact Hilltop's ability to provide quality service, create undue hardship, and may lead to loss of confidence in an employee's dependability. Additionally, potential compliance issues may arise. An unplanned absence may include the following*:

- anything that prevents an employee from reporting for a shift, training, and/or meeting as scheduled;
- reporting for duty late;
- failing to remain on duty for the entire length of the scheduled shift.

*Unless absence is a HFWA qualifying event. Please refer to Hilltop's PTO policy for more information.

If an employee has consecutive unplanned absences for the same reason, this will be considered one occurrence. If absence occurrences exceed four days, supervisors may require written documentation explaining the absence.

Five unplanned absence occurrences within a previous 12-month period are considered excessive. Excessive absences may result in reduction of scheduled hours, a change in employment status (i.e. full-time to part-time), performance correction, and/or termination.

Planned Absence Definition:

A planned absence is defined as an approved request with prior notification as required by each Hilltop program. PTO request decisions are made based on specific program needs and procedures. PTO requests cannot be guaranteed but reasonable efforts will be made to accommodate, assuming staffing is available. Refer to the PTO policy for required use of Paid Time Off.

Unemployment Information

Unemployment insurance benefits are available to all unemployed workers who meet the eligibility requirements of Colorado law. Hilltop will provide required unemployment information (i.e. Dates of employment, year to date earnings, and wages for last week worked, etc.) upon separation through the employee's HRIS profile. An employee's HRIS profile will remain accessible to the employee until April of the year following their separation.

Employee Pets in the Workplace

Hilltop understands and recognizes the advantages of bringing pets into the workplace. It is recognized that bringing a pet to work is a privilege due to the large variety of services Hilltop offers throughout multiple programs.

If a pet is needed to support the employee in completing the essential functions of their role on a regular basis, the employee should reach out to People Operations to engage in the interactive process of requesting an accommodation.

Hilltop allows employees to bring their pets into the workplace for episodic events as well as specific activities that benefit the program and its clients or staff members. This is allowed as long as Hilltop's procedural guidelines are followed by the program and the employee. These guidelines, along with the program specific policy, establish expectations of the pet owner before and during their pets visit.

Hilltop reserves the right to request the removal of any animal from a Hilltop property, as deemed necessary.

If an employee has concerns or issues with a pet being on site, they should follow the Problem Resolution policy or report their concerns through the Ethical/Employee Concerns reporting tool on the Hilltoppers portal.

Acknowledgment and Receipt of Handbook

I have received a copy of the Employee Handbook for Hilltop. I understand that it contains important guidelines and information relating to my employment. I understand that it is my responsibility to read and be familiar with the information contained in this Employee Handbook. I also understand it is my responsibility to read and be familiar with any additional policies or updates to Hilltop's employee handbook.

I understand that this Employee Handbook is not an employment contract and is not intended to, nor should be interpreted to, create contractual rights or obligations either express or implied between Hilltop and me.

I understand that my employment with Hilltop is AT-WILL, meaning that either the Employee or Hilltop may terminate the employment relationship at any time with or without cause or prior notice. Nothing in this Employee Handbook is intended to, nor should be interpreted to, create a promise of employment for a definite time period or that is otherwise not at will.

In addition, I understand that the policies and procedures described in this Employee Handbook are subject to the interpretation and discretion of Hilltop and may be modified or amended by Hilltop with or without prior notice to employees. No supervisor has authority to make promises that are contrary to these policies. - Breaks.** Non-exempt Employees are authorized and permitted to take one ten-minute rest period to the extent practical in the middle of each four-hour work period. This time is paid and is considered non-productive work time. The Supervisor may set break times. Breaks do not accumulate if not taken and cannot be used in combination with a meal period or for purposes of arriving late or leaving early. Hilltop requests that you immediately inform your Supervisor or People Operations if anyone (e.g., co-employee, supervisor, manager, etc.) does not authorize or permit you to take a rest break as required. If you are requested to do that by one of the identified positions in this policy, please inform one of the other individuals listed as soon as possible. Hilltop will make every effort possible to ensure that all employees are paid for time worked and that all non-exempt employees are authorized and permitted to take rest breaks.
- Meal Periods.** If a Non-exempt Employee works longer than five hours in a workday, the Employee is entitled to an unpaid meal period of not less than thirty minutes. The Supervisor may set the time for meal periods. These meal periods are not compensated and are not treated as work time. When circumstances prevent a meal period of at least 30 minutes, the Employee shall be permitted to consume an “on-duty” meal while performing duties. Non-exempt Employees shall be fully compensated for on-duty meal periods and such time shall be treated as work time. Non-exempt Employees must not work during their meal periods unless required to do so by the Supervisor or other Management. Non-exempt Employees must report on-duty meal periods on their time cards so that they will be properly compensated.
- COMPS Poster.** I acknowledge, by my signature below, that I have received with this revised policy a copy of the Colorado Department of Labor and Employment’s COMPS Order Poster. I also understand that if I have any questions regarding this Poster that I should contact my Supervisor or People Operations if I have any questions or concerns.
